Western Line Builders
Tom DuLulo
Foreman
P.O. Box 614
Wells, NV 89835

To Whom It May Concern,

I wanted to write and thank you for the up grade to the power line South of Rockland, Idaho. Also, I want to thank Western Line Builders and Tom DiLulo for the professionalism they showed during the initial construction and through to the completion of this project. Tom DiLulo and his crew spent many long, cold and windy days during this construction. They were very accommodating and willing to work with us.

A special thanks also to Dave Packer of Idaho Power for his help in this project.

Sincerely,

George Udy
